

Praise The Lord!

Hallelujah! Praise the Lord!
Praise his name in all the world!
He is God and King forever;
Let creation sing together.
Hallelujah! Praise the Lord!

God has made the universe.
Everything obeys his voice:
Molecules and tiny atoms,
Giant galaxies and planets.
Hallelujah! Praise the Lord!

God sent Jesus to the earth.
He was killed but rose from death.
He destroyed the power of Satan,
Broken lives he came to straighten.
Hallelujah! Praise the Lord!

Jesus taught the way to live:
Don't just grab, it's best to give.
Here's a man who lived his preaching;
Trust and follow all his teaching.
Hallelujah! Praise the Lord!
Praise the Lord!
Praise the Lord!
